

**eWORX™ SE200 Series**  
**INDUSTRIAL UNMANAGED SWITCHES**

Powered by

**ADVANTECH**

**LED Indicators**

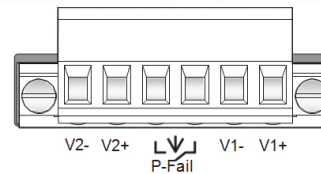

- Power 1 Status
- Power 2 Status
- Power Failure

**Intelligent Features Inside**

- MDI/MDI-X Auto Crossover
- Broadcast Storm Protection
- Store and Forward Switching

**Package Includes:**

- 1 x Ethernet switch
- 1 x DIN rail mount bracket, installed
- 1 x wall mount bracket
- 1 x 6-pin terminal block

**Dual Power Inputs**

- 10.8 ~ 52.8VDC
- Overload Current Protection
- Power-fail Relay

**Extremely Rugged Design**

- IP30 Metal Housing Design
- Radiated/Conducted Noise Protection
- Operating Temperature (-40 to 75°C)
- MTBF SE205, SE205-T: 412,590 hours  
SE208, SE208-T: 388,566 hours
- UL
- CE/FCC

**Wide Variety of Port Configurations**

- 5-Port & 8-Port
- 10/100 Mbps
- Fiber Module Options – multi-mode & single-mode

# SE200 Series BEST-IN-CLASS, INDUSTRIAL UNMANAGED SWITCHES

## Key Success Features – Built In!

- ✓ Dual Power Input: 12~48VDC (10.8 ~ 52.8VDC)
- ✓ Operating Temperature: -40~75°C (option)
- ✓ High Electrical Magnetic (EMC) Resistance
- ✓ Slim and Compact Size
- ✓ Metal Enclosure
- ✓ DIN Rail or Wall Mounting (free brackets included)
- ✓ cUL/UL60950 & CE/FCC Certified

eWorX™
